Dear Sir:-

With further reference to my letter of recent date in regard to one Vines Collier, would like to have you investigate this matter further and find out whether he rendered active service in the War of the Revolution, stating whether he was a member of the Committee of Safety or Correspondence or a member of any Continental, Provincial or Colonial Congress or was a recognized patriot who performed actual service by overacts of resistance to the authority of Great Britain.

I wish this information so that I may find if I am eligible to join the organization of The Sons of The American Revolution.

I am enclosing a copy of the American line which you made for me last year. This you willplease return when you are through with it.

Since Vines Collier moved to Wilkes County, Ga., in 1780 it would appear that he was mixed up in some way in the Revolution between 1776 and 1780 when he lived in Virginia.

Awaiting your records on this, I am

Yours sincerely,

D C Collier
